

Comprehensive Cyber Security Readiness and Protection for Small & Mid-Sized Businesses

## ATTENTION HIGH SCHOOL STUDENTS!

**Calling All Juniors & Seniors:  
Make a Difference!**

**Help Protect Your Country, Community and Families  
with a Cyber Security Pre-Apprenticeship Internship!**

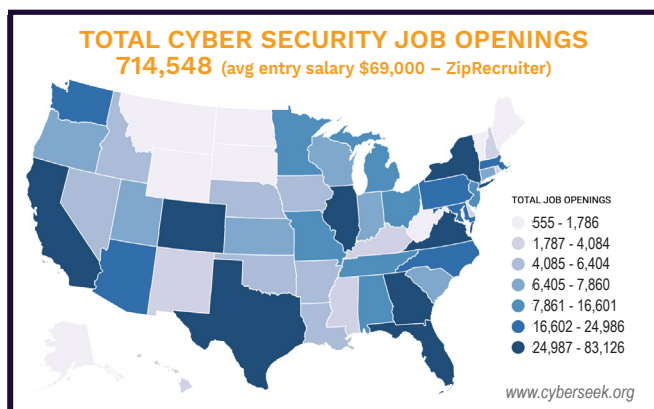

### Jumpstart Your Career by Joining the Lionfish Cyber Security Pre-Apprenticeship Internship Program!

#### A Quick Self-Test:

- ▶ Do you want to make a difference in the world and help protect your community?
- ▶ Are you interested in a career in one of the fastest growing and lucrative fields today--cyber security?
- ▶ Do you have an inquisitive mind, and enjoy doing puzzles, and solving problems?
- ▶ Are you entering your Junior or Senior year with a 3.0 average or better and like math or science?
- ▶ Do you have a passion for helping others and value honesty, integrity and bravery?

#### If you answered yes, we encourage you to keep reading.

Earn industry-desired CompTIA certificates from cyber security pre-apprenticeship training taught by Lionfish Cyber Security. These can be counted toward the requirements of a full DOL apprenticeship program at a later date, as well as applied towards college credits. Each semester courses being taught virtually will be determined via assessment of students participating and abilities. Lionfish instructors will be available for training oversight. You can qualify to earn while you learn via this internship model, after you earn at a minimum of 2 CompTIA certificates (one must be CompTIA Security+)

**As a high school student,** you agree to take the classes, and earn at a minimum of 2 CompTIA certificates to be eligible to work an intern. Hours and pay will be negotiated and set with the hiring company. As a student, you will not be asked to work more than 20 hours a week, during the school year's active semesters and a minimum of \$11 hr. Being placed in a paid Internship is not guaranteed. It is based on the companies and the needs at the time, as well as completion of the CompTIA courses.

Here is what a student like you had to say about one of the courses. [https://youtu.be/40bHXNm\\_7tM](https://youtu.be/40bHXNm_7tM)
